LINNEANA in the collection of the NATIONAL AGRICULTURAL LIBRARY

LIBRARY
LIST
NO. 89

NATIONAL AGRICULTURAL LIBRARY
United States Department of Agriculture
Washington, D.C.

PREFACE

Although the National Agricultural Library is basically a "working library," its collection also includes many rare and unusual publications. This bibliography, the second in the historic book series, lists monographs which were written by or about the eminent botanist, Carl von Linné.

The citations, arranged according to year of publication, date from 1735 to the present. The National Agricultural Library call number and the Library of Congress card number (when available) have been included in the citation.

Previously published in this series:

Library List No. 86 - Historic Books and Manuscripts Concerning General Agriculture in the Collection of the National Agricultural Library, 94 p. February 1967.
